Creighton University Pediatric Physical Therapy Residency

Program Description

The program will provide a post-professional clinical residency experience in the specialty area of pediatric physical therapy. The experience will include clinical practice, clinical mentoring, teaching in the area of pediatrics, and opportunities for research and scholarly productivity. The resident will graduate with advanced clinical practice and teaching skills and will be eligible for the American Board of Physical Medicine.

Mission Statement of Pediatric Program

The Creighton University Pediatric Physical Therapy Residency Program is committed to prepare physical therapists to optimally serve children and their families in their community with a focus on respect for diversity and the unique abilities of every person. The Program provides a novice clinician with mentorship in the areas pediatric clinical practice, professional communication, clinical reasoning, evidence-based practice, time management, teaching, and community service. The program prepares its graduates to become recognized specialists and leaders in pediatric physical therapy practice.

Core Competencies

Upon completion of the CU Pediatric PT Residency Program, the graduate should be proficient in the following areas:

- Interpersonal Skills and Communication
- Clinical Judgment, Thinking, and Science
- Patient Care Abilities
- Reflection
- Ethical and Moral Character
- Teaching Practices

Program Details:

- Resident year is August 1—July 31.
- Resident is a Creighton University employee and receives benefits per Creighton University programs.
- Resident completes 28-30 hours per week of clinical practice that includes acute care, school-based, and outpatient practice and 12-14 hours of experiences that include teaching, labs, didactic training and a common curriculum with other residency (PT, OT, and Pharmacy) programs.
