On November 17, 2010, the Commission on Accreditation in Physical Therapy Education made the following decision regarding the physical therapist education program at Creighton University.

**Status:** ACCREDITATION

**Action Taken:** Reaffirm Accreditation

**Effective Date:** November 17, 2010

**Information Used to Make Decisions:**
- Self-study Report received January 20, 2010
- Visit Report with Institution Response received May 20, 2010
- Comments from the Program Director
- Comments from the Team Leader

**Reason for Decision:** The Commission's decision to reaffirm accreditation status is based on the program's compliance with the intent of all of the Evaluative Criteria.

The status of accreditation is reaffirmed for the program described in the materials reviewed by the Commission. The institution and program are responsible for notifying CAPTE of all substantive changes in the program prior to implementation. Unexpected substantive changes are to be reported immediately after they occur. Substantive changes to be reported include, but are not limited to, change in program leadership, change in the administrative structure in which the program is housed, significant change in the characteristics of students admitted to the program, significant decreases in resources available to the program (faculty, staff, space, equipment, funding, etc.), increases or decreases (greater than 25%) in the size of classes to be admitted, increases in the use of distance learning, major curricular changes, and establishment of an expansion program. (See Part 9 of CAPTE's Rules of Practice and Procedure for more information about reporting changes.)
Graduate Performance: The Commission notes the following:

1) The program is meeting its mission as evidenced by the consistently high performance noted by clinical instructors and employers for both clinical and behavioral aptitude of students and graduates.

2) The performance of the program graduates, as reported by the program in the 2007-2009 Annual Accreditation Reports unless otherwise noted. (Data is included only from those years for which there is complete national data.)
