Dress & Behavior
Students must dress in a professional manner. Each student must wear a clean white lab coat in the laboratory at all times. Tee-shirts, shorts, jeans and open-toed shoes are specifically prohibited. Other clothes that would be inappropriate in a direct patient care setting are also prohibited. Non-compliance with these polices will result in loss of points assigned to that dispensing lab session. All students are encouraged to follow the recommended student dress code for all other sessions.

See attendance policy for information regarding requirements for summer sessions.
