The Creighton University-Hillcrest Physical Therapy Residency Program will provide a post-professional clinical residency experience in the specialty area of geriatric physical therapy. The experience will include clinical practice, clinical mentoring, teaching in the area of geriatrics, and opportunities for research and scholarly productivity.

The resident will graduate with advanced clinical practice and teaching skills and will be eligible for the American Board of Physical Therapy Specialties geriatric specialty exam.

**MISSION STATEMENT OF GERIATRIC PROGRAM**

The program is committed to developing specialization in advanced geriatric clinical practice, teaching, and advocacy by providing focused, ongoing mentorship in preparation of residents who will become leaders in geriatric physical therapy practice.

**PROGRAM AREAS OF EMPHASIS**

The program will become a nationally recognized leader in geriatric physical therapy education by:

1. Exemplifying excellence in clinical practice through development of clinical expertise and advancement of clinical reasoning skills,
2. Utilizing ongoing assessment and education to assure that residents receive outstanding access to patients and to mentors with expertise in geriatric physical therapy,
3. Providing an innovative curriculum emphasizing clinical reasoning and excellence in teaching of geriatric physical therapy practice,
4. Assuring the program faculty, mentors and residents are engaged in patient advocacy, leadership, and service to community to meet the needs of society, and
5. Preparing residents to attain ABPTS certification.
