

Dean's Message

The start of school is upon us and with that comes a whirlwind of activities for our students, as well as for our alumni during Reunion Weekend. Check out this newsletter for more information and how to register for this special weekend that provides an opportunity to reconnect with your school. [Read more.](#)

Pharmacy Grad Honored

Lester "Doc" Carter, BSP Pharm '58, was honored with a street being named for him outside the Carter Drug Store, which he owned for 50 years in Milwaukee. [Read more.](#)

New Events Planned

[Reunion Weekend 2018](#) promises a little something for everyone. New for pharmacy, OT, PT, MT and RT alumni, the Saturday, Sept. 15, SPAHP Dean's Reception provides a special time for classmates to connect with each other and faculty members, as well as to learn all about your school today. The PT and OT departments will host open houses in newly renovated labs in the Boyne Building on Friday, Sept, 14, from 4 to 5:30 p.m., and the new Pharmacy Skills Lab in the Vinardi Center (Old Gym) will host tours and student demos on Saturday before the Dean's Reception. Please [register here.](#)

NIH Grant

Congratulations to Anthony Kincaid, PT, PhD, professor in the Department of Pharmacy Sciences and School of Medicine, for receiving a five-year, \$2.44 million NIH grant to look more closely at prion proteins' link to

infection. [Read more.](#)

POTD Student of the Year

Marit Watson was recently named the Post-Professional Occupational Therapy (POTD) Student of the Year. [Read more.](#)

Frontlines Perspective

Joy Doll, OTD, OTR/L, executive director of the Center for Interprofessional Practice, Education and Research (CIPER), along with colleagues at Creighton University and CHI Health, recently published an article in *Academic Medicine (Journal of the Association of Medical Colleges)*, titled "Interprofessional Practice and Education in Clinical Learning Environments: Frontlines Perspectives." [Read more.](#)

Global Health

Andrea Millea, DPT'13, has found a unique way to use her degree while living in London, England, with her husband. [Read more.](#)

Labs Renovated

The OT and PT labs within the Boyne Building have been renovated over the summer and are ready for fall classes. Learn more about the transition [here.](#)

Pharmacy Award
